

16. Members must acquaint themselves with the Club match programme printed in this membership book. The club match programme is also published on the club website.
17. Night fishing is **not allowed** at Claydon Lakes. Times for arrival and departure are printed at the back of this booklet. Club members found to be fishing outside of the stated times will be automatically barred from club membership and may face prosecution. Keep nets may not be used with the exception of an official club match.
18. Bivvies or bivvy system umbrellas may not be used at Claydon. Only a fishing umbrella with a single pole when required. Membership books **MUST** be clearly displayed by your seat or rods.
19. No live fish may be taken onto Club waters. Live fish baits or dead freshwater fish may not be used at Claydon. EA rules forbid the movement of live fish between waters.
20. No boats are to be used on Club waters, except in extraordinary circumstances where the verbal permission of a club officer may be given. Bait boats may not be used.
21. Anglers fishing Tiddenfoot lake may leave their tackle (baits out of the water and at their own risk) for a maximum of 2 hours in any 24 hour period.
22. Club members fishing Tiddenfoot lake may fish for a maximum of four nights in any seven day period, then they must leave the water, **with their tackle**, for 72 hours and may not return within that time period.
23. Club members fishing Tiddenfoot lake during the night must be in possession of a night fishing permit. Anglers under 18 may not night fish at Tiddenfoot. *See the Tiddenfoot pages for further details and tackle rules, which must be obeyed.*
24. Club members fishing Rackley Hills lake and Tiddenfoot for catfish must use a line of minimum 18lb breaking strain. Rods of 3lb test curve or more, a minimum 50 inch landing net and large unhooking mat must be used. Club officers have the right to inspect tackle used by a member and ask you to leave the water if necessary.
25. Only 3 rods and one bivvy, or angling shelter, will be allowed per swim at Tiddenfoot. If two anglers share a swim the rule still applies, only three rods may be used.
26. Anglers fishing for catfish or carp on any club water must use a large padded unhooking mat or cradle, a padded unhooking mat must be used for all species of specimen fish.
27. Club members may use up to three fishing rods on club waters with the exception of Claydon and the River Ouzel, where two rods is the maximum allowed. Club members must have the appropriate licences for the rods they use and keep lines in their own swim.
28. No bankside changes, building of swims, refurbishment or any other work may be carried out on any club water without the permission of the club committee.
29. Bottles and tins must be kept inside a bivvy or out of view. Take **ALL** litter home with you. Keep empty containers and litter in a bag out of view.
30. Crayfish may not be used as bait on any club water. Any captured signal crayfish must not be returned to the water. This is an Environmental Agency rule.
31. The club reserves the right to refuse or withdraw membership.
32. Anglers fishing lakes may not retain fish in a keepnet. Matches on club waters are the exception, keepnets may be used in a match. Handle all fish with care and return them as soon as possible.
33. Members fishing under the influence of alcohol or drugs will be told to leave the fishery for their own and the safety of others. Disciplinary action in accordance with the club procedures will take place at a later date.

Take your litter home. Do not leave litter on the bank.

Club members should respect other anglers, all people frequenting our waters and all club officers. Inappropriate behaviour may result in membership being withdrawn.
